

Regression Test Document

1. Overview

This document summarizes the regression testing activities performed on the web application. The objective was to ensure that recent code changes have not adversely affected existing functionalities.

2. Test Environment & Build Info

- Environment: Localhost
- Browser: Google Chrome v91

3. Scope of Regression Testing

Regression testing was conducted on the following modules:

- User Registration
- Use Login

4. Test Execution Summary

- Total Test Cases Executed: 2
- Passed: 2
- Failed: 0
- Blocked: 0

5. Tools Used

Manual execution tracked using Google Sheets. No automation scripts were used.

6. Conclusion

All regression test cases passed successfully. No issues were identified in the tested modules. The application is stable and ready for deployment.
