

# Bug Report Document

## 1. Overview

This document lists the bugs found during manual testing of the Login and Registration modules of the web application.

## 2. Bug #2: Registration - Weak Password Allowed

- ID: BUG-001
- Module: Registration
- Severity: Medium
- Priority: Medium
- Environment: Firefox v115, macOS
- Reported On: 2025-05-07
- Steps to Reproduce:
  1. Open the Registration page.
  2. Enter all details, but use a password like '123'.
  3. Submit the form.
- Expected Result: Password validation should block weak passwords.
- Actual Result: Registration completes successfully with a weak password.
- Status: Open

## 3. Bug #4: Login - Password Field Shows Plain Text on Toggle

- ID: BUG-002
- Module: Login
- Severity: Low
- Priority: Low
- Steps to Reproduce:
  1. Go to the Login form.
  2. Click the eye icon to reveal the password.
- Expected Result: Password should be shown securely for a moment.

- Actual Result: Text remains visible even after toggling back.
- Status: Open
